

## **INFLUENZA VACCINATION CLINICS FOR 2020/2021– INFORMATION FOR PATIENTS**

Due to Covid-19, we are anticipating a bigger influenza (flu) campaign for 2020/2021 than ever before. Many practices are looking to provide a borough-wide campaign from a larger central site. Old Church Surgery has decided to continue with our normal campaign which will be delivered from our premises at the Silverthorn Centre. There will be additional challenges to overcome, to ensure social distancing and other safety measures can be observed at all times.

Appointments can be booked either online via Patient Access or via the MYGP app, or you can contact the Practice to book an appointment. If you would rather book via our reception, please try to call after 11am when the telephones are slightly less busy.

To download the MYGP App [www.mygp.io/app](http://www.mygp.io/app)

On the day, please arrive at your appointment time and not before. Our bigger clinic sessions, being held on Saturday 12<sup>th</sup> September 2020 and Saturday 10<sup>th</sup> October 2020 will be extremely busy and are being held on the ground floor of the building in order for the Practice to introduce a one way system. Patients will enter through the main front entrance and exit the building via the rear entrance to ensure a one way system is in place. Clinics on these days will look busy as large numbers of patients are expected, but it is hoped that waiting times will be minimal as there will be 4 clinicians working at any one time throughout the day.

Please ensure that you do not join the socially distanced queues until your appointment time. Staff will direct you appropriately. **Please ensure face coverings are worn at all times and that you sanitize your hands as you enter the building.**

**Please DO NOT attend if you are experiencing any symptoms of Covid-19, however mild.**

### **CLINIC DATES ARE SHOWN BELOW**

<b>DATE</b>	<b>TIME</b>	<b>TYPE</b>
Monday 7 <sup>th</sup> September 2020	09.30 – 12.30	Childhood flu
Monday 7 <sup>th</sup> September 2020	13.00 – 17.00	Childhood flu
